

DETAILED ACTION

Examiner's Amendment

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Bhavani Rayaprolu on 4/16/2008.

The application has been amended as follows:

Cancel claims 10-17.

Allowable Subject Matter

Claims 1-4 and 6-9 are allowed.

The following is an examiner's statement of reasons for allowance: As stated in the Office action dated 6/27/2007, while it is presumed that the outlet messaging in Hurley might return some indication of that may be used to observe "a resultant state," the use of specialized messages for these situations does not clearly arise in Hurley, nor the remaining art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
